- 116 STUDENTS FROM THE AGE OF 3 TO THE AGE OF 12. IN VILLARLUENGO THERE ARE ALSO SECONDARY EDUCATION STUDENTS DUE TO THE LONG DISTANCE FROM THE VILLAGE TO THE NEAREST HIGH SCHOOL.

# CHARACTERISTICS AND METHODOLOGY

- **MULTIGRADE CLASSROOMS:** preschool+primary education, different primary education grades and primary+secondary education in the same classroom.
  - **CO-TEACHING.**
  - **ITINERANT TEACHERS:** specialist teachers in P.E., English, music, Therapeutic Pedagogy and Audition and Language go by car from one school to another during the school time to teach their subjects.
  - **INCLUSION:** different types of students with special needs attend our school.
- 

# CHARACTERISTICS AND METHODOLOGY

- **LEARNING COMMUNITIES.**
  - **OUTDOOR LEARNING.**
  - **INTEGRATED APPROACH TO TEACHING DIGITAL COMPETENCES.**
  - **ACTIVITIES TO BOOST TRANSITION FROM NURSERY TO PRESCHOOL AND FROM PRIMARY TO SECONDARY SCHOOL.**
- 

# SCHOOL INNOVATIVE PROJECT

Since the school year 2018/2019, our school implements an innovative project focused on promoting **CREATIVITY**, fostering **DIVERGENT THINKING** and enhancing **SOCIO-EMOTIONAL SKILLS** through **DISCOVERING AND UNDERSTANDING OUR REGION'S HERITAGE** in collaboration with Comarca Maestrazgo's Cultural Heritage Department and community.

# EDUCATIONAL PROGRAMS

Our school takes part in some educational programs:

- **C.R.I.E.** (Innovative Education Rural Center):

Educational institution located in Calamocha. It aims to compensate possible inequalities in small rural schools.

5th and 6th grade students attend C.R.I.E. once a term and they coexist with students from other small rural schools.

# EDUCATIONAL PROGRAMS

- **Collaboration with University (teaching practice):**

Students enrolled in degrees for teaching at preschool and primary school come to our school to do their teaching practice in rural settings.

- **Plan Director:**

Talks about positive coexistence in schools, gender equality, Internet and social networks benefits and risks, ...

# EDUCATIONAL PROGRAMS

- **3x3 Conecta rural & skiing training course in Valdelinares:**

They promote healthy lifestyles and practising different sports (basketball, volleyball and ski) in rural areas.

- **Responsible Education:**

It favours students' cognitive and socio-emotional development through creativity. Besides, it promotes communication and positive coexistence involving students, teachers and families.

# SCHOOL FACILITIES

- **LIBRARY:** the school counts of two libraries in Cantavieja and Fortanete. Apart from that, there is a library plan in which a bank of books is exchanged among the different locations during the school year.
  - **SCHOOL TRANSPORT:** due to the depopulation in our region, there are some students from Mirambel and La Cuba who travel everyday to Cantavieja.
-
